Sub-Arc-Second Spatial Resolution Imaging
Thursday August 4, 2016

We are pleased to once again offer a pre-Stellafane workshop on Thursday, August 4th, at the historic Hartness House Inn and Hartness-Porter Museum of Amateur Telescope Making located in Springfield, Vermont. Proceeds will support the Hartness-Porter Museum, which is run by volunteers from the Springfield Telescope Makers.

Continuing a series begun in 2009, this year's **Hartness House Workshop** theme is **Sub-Arc-Second Spatial Resolution Imaging**.

- This year we are introducing a special student rate for the daytime program and the evening banquet and keynote speaker (see pricing below).
- A list of speakers will be published shortly.

The presentations will start at 9:00 AM sharp on Thursday, August 4, at the Hartness House Inn, 30 Orchard Street, Springfield, VT 05156, phone [802-885-2115](tel:802-885-2115). Registration and coffee will be available starting at 8:30 AM.

Reservations for a room at the Hartness House Inn can be made by calling (802) 885-2115 or on line at www.hartnesshouse.com.

Register now! Space is limited!
